O R D E R

On February 7, 1991, Lyon County Water District ("Lyon County") filed an application to construct an extension to its existing water works system ("Rolling Mill Project") at an estimated cost of \$169,000. Funding for the Rolling Mill Project has been obtained from the Kentucky Association of Counties Leasing Trust ("KACLT").

In its application Lyon County has requested a waiver from obtaining a Certificate of Convenience and Necessity ("Certificate") and approval of its plan of financing as required by 807 KAR 5:001, Sections 9 and 11. Having reviewed Lyon County's application and requested waivers, the Commission finds that Lyon County has failed to show good cause as to why it should be granted a deviation from the requirements of 807 KAR 5:001, Sections 9 and 11. Therefore, the Commission finds that Lyon County's requested waiver should be denied.

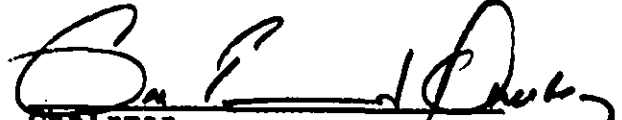

IT IS THEREFORE ORDERED that:

1. Lyon County's request for a waiver from 807 KAR 5:001, Sections 9 and 11, is hereby denied.

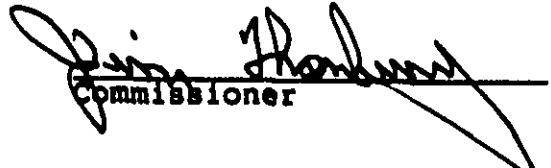

2. Within 20 days of the date of this Order, Lyon County shall amend its application consistent with the requirements of 807 KAR 5:001, Sections 9 and 11.

Done at Frankfort, Kentucky, this 26th day of March, 1991.
